Close ranks against pain!

Pain Therapy A Multidisciplinary Pain Course

The European League Against Pain EULAP invites you to attend an interdisciplinary pain course in English in the beautiful city of Zürich, Switzerland.

A team of pain specialists including Anaesthesiologists, Neurologists, Rheumatologists, Psychiatrists, Psychologists, Clinical Pharmacologists, Lawyers and others lecture on different aspects of pain.

You will learn to understand chronic pain, to develop management strategies, thus to improve patient's therapy.

EULAP® is a non profit organization headquartered in Zürich, Switzerland. The purpose of the association is:

- To support the cause and interest of pain patients
- To improve the treatment, prevention and rehabilitation of pain patients
- To promote research in the field of pain
- To foster and improve excellence in education of health professionals, with traditional and online educational courses and workshops, giving the participants the opportunity to meet and exchange experiences and ideas
- To foster the publication of updated guidelines, best practices, books and journals

To register and for information: paincourse@eulap.org
Number of participants is limited.

Educational Grant Supporters
